Packing and Guaranteed Delivery Charges

- USA shipping charges are based on actual weight and distance shipped. All shipping is via United States Postal Priority Service. Flat-rate Priority is not available because it usually results in higher rate. Credit card orders will have exact shipping charge added. If paying by check, go to the USPS website to determine the approximate shipping charges. Total up the weights shown on the price sheet and use this as the approximate weight.

US Postal Service Website: <http://postcalc.usps.gov/> Select USA Domestic; select large package and enter the estimated weight. Our zipcode is 75081. When it asks for a box size, select 12x12x12 inches rectangular. Use the dollar value shown for Priority Mail in the estimate shipping costs. Add the estimated shipping costs on the order form. If paying by check, minor shortages will be billed upon shipment. If there is a shortage, we appreciate prompt payment. Remember that this is only an estimate.

- USA Federal Express is available for in stock items.
- **Non-USA** airmail shipping charges will vary based on weight and distance shipped. FAX or email for an estimate if paying by money order. Credit card orders will have exact charge added. All shipping is via AirMail Parcel Post. Surface parcel shipping is not available.
